

intensifies drive to meet Anambra's projected revenue target

...who failed to register their businesses under VATIS, received Dots of judgement assessments and failed to object to or settle such assessments within the prescribed period, or underpaid, under-reported or otherwise failed to discharge their statutory tax obligations.

"Non-compliant taxpayers are to be subjected to enforcement measures, including recovery of outstanding tax liabilities through lawful enforcement measures, and prosecution and commencement of court proceedings in respect of established tax offences."

"All affected taxpayers are therefore advised to take immediate steps to regularise their outstanding tax obligations and ensure full compliance with the applicable tax laws. About 500,000 taxpayers are already captured in the state database and in the next few months, the agency intends to capture additional taxpayers targeting about a million into the data."

...said the enforcement is largely through a process with reduced physical activity, that before the enactment, the agency relied on tax audits, the media jingles, seminars in churches, and including a stress system.

...also setting up an dispute resolution mechanism process so there is any genuine that any taxpayer come up and the addressed.

...thing that is the AIRS under ship is going process where fully go after he who have ed their tax e who are short, they up."
